- I have read the **Deed Restrictions, Article 7** and the **Architectural Guidelines** to determine compliance of my project before submitting this request. (See: www.gvth4.com)
- I understand Architectural Committee approval only determines that my project meets the architectural guidelines of Foothills Townhouses IV.
- I realize that I may need to provide additional documentation (photos, drawings, etc.) to explain my request, and that providing ample documentation to clearly describe my project will help to ensure a faster response.
- I further understand that my project may require a Pima County Building Permit and that it is my responsibility to obtain a permit if one is required.
  NOTE: Call Pima County for assistance: **520-724-9000**.
  Do not rely on your contractor to determine permit requirements.
- I realize that the Committee members may visit my site prior to approval. If so, someone will call me first and I will be welcome to participate in the visit.
